Objective

Passionate and dedicated BSc Computer Science student seeking an entry-level opportunity to apply fundamental programming and problem-solving skills. Eager to contribute to team projects, learn new technologies, and grow as a software developer.

Education

Aditya Degree College, Bachelor of Science in Computer Science   2023 – Present
- GPA: 7.0/10.0
- Relevant Courses: Programming in C, Data Structures, DBMS

Internship

MERN Stack Intern, Adhoc Network   Apr 2025 – Jun 2025
- Built basic web applications using MongoDB, Express.js, React.js, and Node.js.
- Developed and connected REST APIs to frontend interfaces using Express and React.
- Gained hands-on experience in using Git, version control, and team collaboration tools.
- Participated in code reviews, debugging sessions, and team meetings to improve development workflow.

Projects

Personal Portfolio Website   may 2025
- Built a basic personal website using HTML and CSS to showcase projects and resume.
- Published using GitHub Pages.

Technologies

Languages: C, Java, Python, SQL, HTML, CSS
Tools/Technologies: Git, VS Code, GitHub, MySQL
Operating Systems: Windows

Certificates

Python Essentials 1, Cisco Networking Academy – Aditya University   06 May 2025
- Successfully completed an introductory course in Python programming.
- Covered topics including data types, control structures, functions, and basic problem-solving.

Skills

- Good understanding of programming logic and control structures
- Problem-solving and analytical thinking
- Basic experience with version control using Git
- Teamwork, time management, and communication skills
